LINE CARD

Memory & Microcontroller ICs

GigaDevice is the leading provider of non-volatile memory (NVM) and MCU products. SPI NOR and SPI NAND products, universal microcontrollers.

Etron is a leading manufacturer of memory and system ICs, including KGDM, DRAM and advanced controllers.

Power Management ICs

Torex Semiconductor specializes in power ICs, including ultra small options. DC/DC converters, voltage detectors, voltage regulators, push button controllers, power MOSFETs.

Frequency Management

Raltron designs and manufactures frequency management solutions. Microprocessor crystals, clock oscillators, high accuracy crystals, filters, ceramic resonators, and SAW devices.

Taitien is a leader in the field of quartz frequency control products. Crystal units, clock oscillators, VCXO, TCXO, OCXO, crystal filters.

Capacitors

Cal-Chip specializes in surface mounted devices. Capacitors, resistors, inductors, ferrite beads.

Circuit Protection

Fuzetec is a leading provider of circuit protection solutions for the electronic and electrical industries. Radial leaded, SMD, Strap, Low Rho, Chip & Disc.

Interconnect & Automation

Altech Corporation produces a broad range of products used in multiple applications. Terminal blocks, circuit protection devices, push buttons, sensors, connectors, relays, DC-UPS.

EBY-Electro provides high-quality electro-mechanical components. Terminal blocks, wiring blocks, terminal strips.

Marking & Coding

Tourmaline Enterprises provides printing solutions for industrial marking and coding. Thermal inkjet printers, printer parts, and inks.

Power Supplies & Transformers

MTM Power adheres to top standards of quality to produce a range of innovative power supplies and transformers.

Digital Power designs and manufactures flexible power supply solutions for the most demanding applications in the telecom, medical, industrial, and military markets.

BLOCK is a global leader in power quality and power conversion. Transformers, Power supplies, EMI filters, reactors, Sine/Harmonic Filters, Electronic Circuit Breakers.

SSD & Memory Products

ADATA Technology serves both the industrial and consumer markets with complete memory solutions. DRAM modules, USB flash drives, memory cards, solid state drives and portable hard drives.

Maximus Technology provides advanced flash storage solutions. SSD products for consumer, enterprise, industrial, and military needs.

Fans & Thermal Management

Broadlake Co., Ltd. specializes in both extruded and stamped heat sinks. Additional products include enclosures, die-casting parts, and fan accessories.

ADDA is a leading company in the electronic thermal management field. AC & DC fans, chip coolers, thermal modules.

Displays

Newhaven Display designs and manufactures superior display products, including OLED, LCD, TFT, and VF displays.

Fiber Optic

Advanced Fiber Solutions has developed complete kits for fiber optic testing. OTDRs, tool kits, power meters, and attenuators.

Treetop Brand Products

The **Treetop** brand offers excellent quality at an incredible value.

PCB hardware
Standoffs, Spacers, Aluminum, Steel and Nylon.

PCB Headers and Sockets
All common sizes available. 0.1", 2mm, SMT or Thru-Hole. Custom as well.
